

AK_04 >>

Innovation and research evolve the project Ak_04 by expanding the range of materials with new tactile finishes and colours:

4 nanotech Fenix Ntm® laminates offer resistant and unalterable soft-touch surfaces.

3 Antique Oak, with distinctive knots and splits on the surface, and 3 Brushed Fiammato Oak wood finishes give a warm tactile sensation.

6 glossy and 6 frosted glass in 4 mm. thickness and three layers painted give formal and chromatic elegance.

The evolution of materials continues incessant to achieve more exclusivity.

AK_04 FINISHES SUMMARY
